## LARGER GENEROSITY

That is What the Sum of \$1,700,000 is Intended to Represent,

ACCORDING TO MR. JAMES B. SCOTT.

Pittsburg Turns Over \$400,000 to the State Commission

FOR DISTRIBUTION IN THE VALLEY

Mr. James B. Scott wrote to Mr. Ogden. a partner of John Wanamaker, and member of the State Flood Commission, and Secretary Kremer, for some explanation of the statement that \$1,700,000 had been expended in the Conemaugh Valley. Mr. Scott yesterday received replies from both gentlemen, but their answers are unsatisfactory, and for the present will only increase the muddle. For this reason Mr. Scott declined to have

them published. Mr. Kremer, in his letter, said that the statement was not official, and the figures were not obtained from him. Like Mr. Scott, he felt sure that the amount did not represent money expended in the valley, but included everything that went in there and had been done to alleviate the suffering. Mr. Ogden ad mitted the statement was indefinite, and hi explanation was somewhat similar to Mr.

, COMPLICATED SOMEWHAT. Mr. Scott said: "I think the people will un derstand what this amount means when they know that it is only a guess and is not official. Governor Beaver's idea undoubtedly was to show the great generosity of the people, and he attempted to convert into money what had been contributed in the way of clothing, food, Of course, anyone can see that s a difficult matter to estimate how much in money has been contributed in material form. That \$1,700,000 does represent expenditures, and it a mistake to use such a word in this connection. People no doubt wonder why a detailed statement is not given

wonder why a detailed statement is not given at once, and thus clear up the whole matter, but that is easily explained. What has been turned into the valley comes from various sources, as the Philadelphia and Pittsburg committees and the State for example. Each of these sources has bills yet to be paid, and until these came in and the business is closed up no one can tell what has been done, or what the sum will be when itemized.

"I understand the people of Johnstown think it funny that a local man was not appointed on the commission. The fact is the Governor sent four commissions to as many men in the town, and they all declined to serve. He finally got tired of asking them, and nobody will blame him when the truth is known."

Mr. David Robinson said everything would come out all right in the end, and the people crying fraud now will be ashamed of themselves.

Mr. Ogden also in his letter to Mr. Scott says hat he sent the statement to Mayor Grant, and the New York committee telegraphed back credit to the Governor for \$5.500,000. He thought this didn'#look as if the New York people had lost faith in the commission.

PITTSBURG'S COMMITTEE MEETS. The Citizens' Relief Committee of Pittsburg held a meeting in the Chamber of Commerce building yesterday. Messrs, McCreery, Miller, Frick, McCrea, David Robinson and W. R. Frick, McCrea, David Robinson and W. R. Thompson, with S. S. Marvin and James B. Scott, were present. The committee is anxious to close out the business as soon as po-sible, and to this end ordered \$400,000 to be turned over by Treasurer Thompson to the State Commission to distribute among the sufferers. The committee has \$525,000 altogrether, and the balance is held to pay off outstanding bills. About \$100,000 additional will be given to the State Commission. One thousand five the State Commission. One thousand five hundred dollars was appropriated to the Ladies' Committee to pay off immediate debts.

uture to the State Commission or Johnstown 'inance Committee, Clara Barton, in a letter, wanted to know where she could secure beds and straw. Mr. Robinson stated they had plenty of both in Johnstown, and the lady could get them there. The Subsistence Committee was instructe to make a statement of its claims on the comstatement on as possible, so that a detailed statement can be given to the public.

A letter was received from Cyrus Elder in behalf of Mr. McMillan, President of the Cambria Iron Works, in which he states that the latter gentleman says he is not dissatisfied with the plans of the commission, as reported. He states efforts are being made to pick up a row in certain quarters, but he assures the committee that the Finance Committee will not be a party to! not be a party to it.

SOME TOTALS GIVEN. Judge Cummins will distribute \$500,000 among the sufferers this week, and Pittsburg's \$400, 000 will soon reach the State Commission. It may not be distributed at once, however. A complete list of all the places that contributed \$1,000 has been prepared by Mr. Thompson. The amount subscribed by the places giving over \$1,000 each is \$408,000, leaving about \$165,000 contributed by towns in amounts less than \$1,000. The city that comes next to Pittsburg in this list is Chicago, with \$104,252. St. Louis gives only \$16,368. Detroit with her \$30,000 and many other places go ahead of St. Louis. 000 will soon reach the State Commission. I

of St. Louis. Of this \$764,000 there has been drawn out Of this \$764,000 there has been drawn out \$240,000, leaving a balance on hand of \$524,000. The money was generally applied as follows: Amount paid out for the recovery of bodies, cleaning away debris and such work, \$115,000; for lumber, tools and implements, \$12,000; for roceries and supplies, \$45,000; for household goods, clothing and bedding, \$40,000; for undertakers and undertakers' supplies and various sundry articles, \$25,000, making a total of \$240,000. Of this amount the money paid for tools and cleaning away debris, \$127,000, comes back to the fund.

The suggestions in THE DISPATCH yesterday that an itemized statement be prepared by the Pittsburg committee are being acted upon. Messrs. David Robinson and S. S. Marvin are at work upon such a statement, and it will be

Messrs. David Robinson and S. S. Marvin are at work upon such a statement, and it will be ready in about two weeks for publication. W. R. Thompson, Treasurer, stated to a reporter that his section of the affair was quite simple. He had paid out between \$80,000 and \$90,000, beside some amounts to various ladies. To show his part of the matter would be a small job in the statement of account. Mr. Thompson further stated that Mr. Marvin's statement is expected to show all that was necessary when it is issued.

Mr. Thompson was told that by some people a disposition has been insulested to criticise, it having been hinted that certain members in, or connected with, the Relief Committee may have furnished supplies, thus getting whatever momey there is in the contracts. ar. Thompson denied such a story. He said he believed drugs had peen purchased from Geo. A. Keily, but, though Mr. Keily had assisted the committee in its work, he was not a member, and consequently had as much right to deal with it as anyone cise. As to S. S. Marvin, Mr. Thompson explained that he (Marvin) had taken some flour off the lands of the committee and that it was a favor to the latter, as it was in danger of spoiling. It will be recoilected that the Northwest sent considerable flour. As to lumber, Mr. Thompson said the most used had been donated, much of it coming from Cleveland. None was purchased here.

Mr. Thompson did not exhibit any impatience regarning strictures; rather, in fact, thought it well that people were disposed to be censorious, as he said such public trusts could not be too closely scanned.

A METHODIST PILGRIMAGE.

Pittsburgers to Join a Ministerial Explo tion to the Holy Land. rion to the Hely Land.

Rev. W. H. Pearce, D. D., pastor of the Butler Street M. E. Church; Rev. T. J. Leak, D. D., of the North Avenue M. E. Church, and Rev. J. A. Balantyne, of Mazlewood M. E. Church, will leave the city on August 20 for New York. There they will jein about 100 other Methodist preachers and sail on the 21st upon a pilgrimage to the Lands of the Bible.

This trip has been arranged by Rev. Nathan Hubbel, editor of the Methodist Rinerant, and will be under the charge of Mr. Frank C. Clarke, late U. S. Vice Consul at Jerusalem. The party will embark so the vessel City of Rome, and will visit Engiand, France, Italy, Turkey, Greece, Syria and Asia Minor. The Pittsburgers will be away three months.

TRANSFER OF LICENSES.

The Activity Among Liquor Dealers Still Going On. Samuel Tschume will ask the Court Quarter Sessions on the 27th inst. to transfer his bottling license to William Bellstein, On the same day will be heard Thomas Gamble's the same day will be heard Thomas Gamble's petition to transfer his wholesale liquor license to Meyer Rosenthal. A similar request from J. M. Hammell to transfer the privileges of his license to a firm which has been organized since it was granted, with himself as a partner, will come up for decision.

The activity with which license transfers are being made caused a gentleman in the Court House to remark yesterday that the would-be purchasers of licenses are still around looking for licenses in eligible districts. It is not known that they have bought any recently.

MUST HAVE SAND.

A Peculiarity About the Cable Railroads Pittsburg.

The cable cars in Pittsburg are now all sup-plied with "sand levers." These are attach ments to the cars by which sand is dropped ments to the cars by which sand is aropped along the rails with a simple pull of the rod. Locomotive sand is used. It has been found to, save considerable time in the entire trip of a car by reason of the wheels not slipping when a start is made, thus giving the grip a quicker distribution when the cable. a start is made, thus giving the grip a quicker clutch upon the cable.

A gripman on the Penn avenue line, who has had experience on the traction roads of Chi-cage and Philadelphia, told a DISPATCH repor-ter yesterday that this sand was absolutely necessary on the Pittsburg lines, because of the steep grades on streets here. Sand is unknown on the cable roads of Philadelphia and Chi-

A BIG EXCURSION.

Many Will Take Advantage of the B. & O.

Low Rates to Atlantic City. The Baltimore and Ohio excursion to Atlantic City to-morrow promises to be a big one. Di-vision Passenger Agent Smith said yesterday, that he never saw such large advance sales. Passengers have already been booked for two parlor cars, and the third is almost filled.

THE SON OF HIS FATHER.

Dick Quay Goes to Atlantic City to See the Old Man. Dick Quay and Jim Anderson, General Pas-senger Agent of the Allegheny Valley road, went to Atlantic City last night to rest. Young Quay is not well and he hadn't much to say. He was accompanied to the depot by Harry & Paul, Sam Warmcastle and James S. McKean

Yesterday morning Samuel Logan and Gabriel Neely, two carpenters, fell from the roof of No. 456 Webster avenue. They were trimming the water conductor at the rear of the house. The roof of the building is steep the house. The roof of the building is steep and the men were supporting themselves by placing their feet on the conductor. They had almost completed the work when the conductor gave way beneath their weight. The men made an effort to catch the edge of the roof, but were unable to do so and fell to a boardwalk in the yard, crashing through the branches of a tree, a distance of over 40 feet. Logan's arm was broken and his shoulder dislocated. Neely's skull was fractured. He may not recover.

THE PROPOSED PARK. It Was Inspected Yesterday by a

Committee From Councils. BIGELOW'S PLANS ARE APPROVED.

Scenery Said to be Superior to Central

Park, New York. COMMITTEE TO MEET THIS AFTERNOON

Three carriages left Municipal Hall yesterday at 11 A. M., and did not return until 5 P. M. They were occupied by the Councilmanic Committee on Parks, composed of J. S. Lambie, A. F. Keating, R. B. Carnahan, W. A. Magee, G. L. Holliday, H. P. Ford and R. G. McGonnigle, accompanied by Chief E. M. Bigelow, Controller Morrow admired, the trip was continued out Forbes street as far as Joncaire street in the Fourteenth ward. Here the territory for the proposed parks' commences, and the

Everybody was full of admiration as to the beauties of scenery surrounding. The land is broken in three places by glens or gal-leries that are described as simply beauti-ful, one of them, known as Panther Hollow, having a place in history as a favorite camping

place for the Indians.

"Did you ever enjoy a view like this before?"
quietly remarked Chiefs Bigelow, as they all
stopped on the highest knob, and continuing to
comment upon the scenery, he said: "Over there you can see Sharpsburg; there is the East End. In fact, you can look around for a dis-tance of mile upon mile. I venture to say that

A COMMANDING VIEW.

From this point the entire section which is proposed to be covered by the park could be overlooked. It has an area of 379 acres and hies southeast of the Oakland power house. If the ground is made into a park, the entrance would be within 300 feet of Forbes street. The grounds are bounded on the east by the line of Brighiwood street, on the north by Joucaire street, the Junction railroad skirts along the western end, and on the south the proposed park is to be bounded by Nixon street.

The park may be reached by a number of routes. By taking the Fifth avenue cable cars, a visitor can reach it via Halket street, Ward street, Meyran avenue, Atwood street, Oakland avenue and Boquet street. The shortest route would be down Oakland avenue to Bates avenue and across the Four Mile Run hollow to the western boundary line; or down Boquet street to Joncaire street, which crosses the run and winds around the bill. Another route is via the Baltimore and Ohlo Railroad or Second avenue. Laughlins station is within five minutes' walk of the spot. A good view of the ground may be had from the Forbes street pridge over the Junction Railroad. Bryson street runs into a section of the proposed park. The land is slopping, and the highest point commands a magnificent view of the surrounding country. The proposed line of the Fifth Avenue and Park Place Railroad crosses Neville street and cuts thorugh the center of the property. A COMMANDING VIEW.

THE IMPROVEMENTS NECESSARY. The Pittsburg and East End Railroad, another projected line of past years, was also surveyed along the northern edge. Linden Grove is just opposite the ground, on the other side of

Is just opposite the ground, on the other sine of Four Mile Run.

All the Councilmen agreed that the city would be enriched by the acquisition of such a park, as it would make the finest in this part of the country. After they had walked over the entire area a detour was suggested to the carriages. Then the ride was continued to Hiland Park in the East End. The party drove around the place and walked over the macadamized road, which forms the circumference of the plot. Chief Bigelow received many congratulations upon his work there. The committee will hold a meeting this afternoon. Chief Bigelow intimated that there would have to be improvements made in the way of paths, roadways and bridges, but he stated that was a matter to be considered later on. Very little will have to be expended except in cleaning up the brush and dead trees and making the road-way.

SOME TIMELY ADVICE ing the Care of Diseases Caused by

There is no season of the year when people are in more need of good, sound, practical advice on the subject of health than when the sun is shooting his burning rays straight down upon our heads, sapping our strength and breeding daily pestilence. It is not general and vague advice that they want, but definite as well as sensible advice—plain directions as to how to get well and how to keep well. It is comparatively easy to tell a person that if he gets sick such and such a physician will cure him for such a sum of money. The physician may or msy not cure him, but in either case he is called upon to pay out the money, sometimes a small but often a large amount. To tell people how to cure themselves with little trouble and at slight expense is another kind of advice altogether, and is to offer Summer's Dendly Heat. kind of advice altogether, and is to offer

them a true boon.

In saying that for every disease that particularly afflicts mankind at this dangerous season of the year Peruna and Manalin can be recommended as remedies that are at once agreeable and absolutely safe to take, and reliable and intallible in their and City Clerk George Sheppard. The party made a tour of inspection of the proposed park on the Schenley estate, in the Fourteenth and Twenty-second wards. They first drove to the Second avenue park, and after the improvements in the way of flower beds and the fountain had been admired the transaction, or forest such as take, and reliable and intallible in their take, and reliable and intallible in take, and reliable and intallible in their take, and reliable and intallible in their take, and reliable and intallible in take, and reliable and inta fevers are rampant during the heated months, and they are especially violent and dangerous when once they get started. Those who are well cannot be too careful the proposed parks' commences, and the party, leaving their carriages under the care of an obliging citizen, made a tour of their diet and habits in general, and they will find that keeping their liver in good condition and their bowels the ground on foot. regular, for which there is nothing better than Man-a-lin, will greatly assist them in keeping well. Should they be attacked, however, if they desire to get well surely and quickly, Pe-ru-na will enable them to do it. In its curative work Pe-ru-na is greatly assisted by Man-a-lin, which, in health and in sickness, is a liver regulator without an equal, and a gentle and effective laxative. These two great family remedies have met with such marvelous and unqualihave met with such marvelous and unquali-fied success everywhere that it seems useless to further sound their praise. A trial will satisfactorily demonstrate their remarkable and reliable powers. Send to the Pe-ru-na Medicine Co., Columbus, O., for a free copy of Dr. Hartman's "Ills of Life," an invaluable little volume that will save you much time, trouble and money in curing yourself of a thousand different diseases.

We desire to call the attention of the trade We desire to call the attention of the trade to our stock of pure rye whiskies, which in-cludes all the leading brands of Pennsyl-vania and Maryland, Guckenheimer, Gib-son, Large, Finch's Golden Wedding, Dil-linger, Overholt, Sherwood and Hannisville, made in various years, from the present year up to the year 1869, which we offer at low-est prices consistent with value.
